Undisclosed iPhone/Facebook app
Researched and constructed in-game illustrations to communicate mood and narrative. Produced artifacts, from ideation to completion, within a defined style.

2008
Creature Design
Studied anatomical fabrication with a distinctly zoological approach under Terry Whitlatch, of Star Wars acclaim. Projects required relevant skeletal construction to appropriate exterior texture/pattern.

2008
Mural Execution
Worked within a team to research, design and execute a Renaissance-themed mural at the National Shrine to St. Francis of Assisi in North Beach, San Francisco.
